

Advanced Agriecological Research Sdn. Bhd.

We are a leading commercial research organization providing research and advisory services to plantations in Malaysia and Indonesia. We are expanding our operations and scope of research to meet new challenges and demand by consumers. We seek resourceful and outstanding young graduates (Honours and higher degrees) to join us as:

- **Agronomists**
- **Crop protectionists/Entomologists**
- **Plant Breeders/Geneticists**
- **Biological Conservationists/Ecologists**

Requirements:

- Degree in applied sciences especially agriculture, entomology, biology, ecology, genetics, mathematics/mathematical biology. Graduates from other disciplines are also welcomed to apply.
- Higher degree/experience is advantageous
- Keen interest in field research
- Good written and verbal communication skills in English
- Willing to travel extensively

Please submit a detailed resume, with supporting documents, telephone contact, email and a recent passport size photo to:

The ADVERTIZER (RO/TA)
P.O. Box 11799
50100 Kuala Lumpur

or you may email to: aarsb@po.jaring.my

Closing date: 21 November 2006

Only shortlisted applicants will be notified.
